TRAINING

BOOTCAMP SOY HENRY
(2022 - 2023)

Full Stack Web Developer. Henry Bootcamp. 800 hours of theoretical

MY PROFILE

I am a full-stack web developer with experience in JavaScript, React, Node.js, Express, and databases such as PostgreSQL and MongoDB. I have created innovative projects, including an animal adoption website and an online chess game. Currently, I am expanding my skills into mobile development with Dart and Flutter, adapting my chess game to this platform. I am passionate about overcoming challenges, collaborating with teams, and continuously growing in the tech industry.

PROYECTS

CHESSFIVE - REACT AND NODE

I created an online chess game using React, Node.js, MongoDB, and WebSocket, featuring dynamic matches, live chat, rankings, and game tracking. Designed with an engaging interface, it is perfect for players of all levels.

BACKEND - HUELLITAS DE AMOR

I collaborated with a team of 8 people to develop a website dedicated to animal adoption, applying creative thinking, teamwork, and autonomy. I contributed to backend development using technologies like Node.js, Express, and PostgreSQL.

TIC TAC TOE - FLUTTER

Developed a Tic Tac Toe game in Flutter using WebSocket for real-time communication, enabling seamless multiplayer gameplay. Focused on responsive design, smooth interactions, and efficient state management to deliver an engaging user experience.

SKILLS

- JAVASCRIPT
- REACT
- NODEJS
- MONGODB
- DART
- FLUTTER
